

Dear Colleagues,

Greetings to you all. After the overwhelming response and grand success of our previous shoulder courses, I am glad to inform you that we are conducting "4th Bangalore Shoulder Course" which has been badged by the Royal College of Surgeons, Edinburgh.

Our special invitees this year are Mr. Tim Bunker, a world renowned shoulder surgeon from Exeter, UK and Mr. David Jones, a reputed Paediatric Orthopaedic Surgeon at the Great Ormond Street Hospital for Children, UK. It is a two day programme focussed on discussion and current thinking in shoulder surgery. The meeting has been designed to be interactive with National and International faculty providing hands on experience in workshops and live surgery. We are the first to provide hands on exercises for the delegates on the exciting Arthroscopy Simulator during our previous courses and we will provide the same at this years' course as well.

Itake this opportunity to invite you for the Course.
